

Zed Macapagao

Civil Engineer (CELE passer) | Certified Safety Officer 2

09667638927 | macapagaozed@gmail.com | 6 Bakawan St. Veterans Village, Project 7, Quezon City

Professional Summary

A recent CELE passer with specialized expertise in structural analysis and modeling software, demonstrated by national-level competition rankings. Proficient in STAAD.Pro, Midas Gen, and ETABS. Strong foundation in structural design principles, technical documentation, and project estimation.

Technical Skills

Structural Engineering & Analysis:

Midas Gen – 2nd Place, National Rank: Midas Festival Midas Gen Speedmodeling (2025)

STAAD.Pro – National Level Qualifier: STAAD.Pro Challenge (2026)

ETABS – Performed structural modeling and analysis for a 5-story office building

Basic level: EPANET, ANSYS, QGIS

Proficient level: MS Word, MS PowerPoint, MS Excel

Experience

Civil Engineering Intern (240 Hours) at Local Water Utilities Administration (LWUA)

Jan 2026 – Mar 2026

- Prepared technical cost estimates in Excel for municipal water reservoir infrastructure.
- Conducted population projections and demographic analysis in Excel for Calatagan, Batangas to determine future water demand.
- Authored the project concept paper, Project for the Reduction and Control of Non-Revenue Water using EPANET for the Escalante Water District.

Education

Bachelor of Science in Civil Engineering

New Era University | 2022 – June 2026

Licenses & Certifications

Passed Civil Engineering Licensure Exam | October 2026

Certified Safety Officer 2 | October 2026
